

Miscellanies Clipboard Macros

This macro file contains several macros that can be found useful or as a source of inspiration or knowledge. There are these macros:

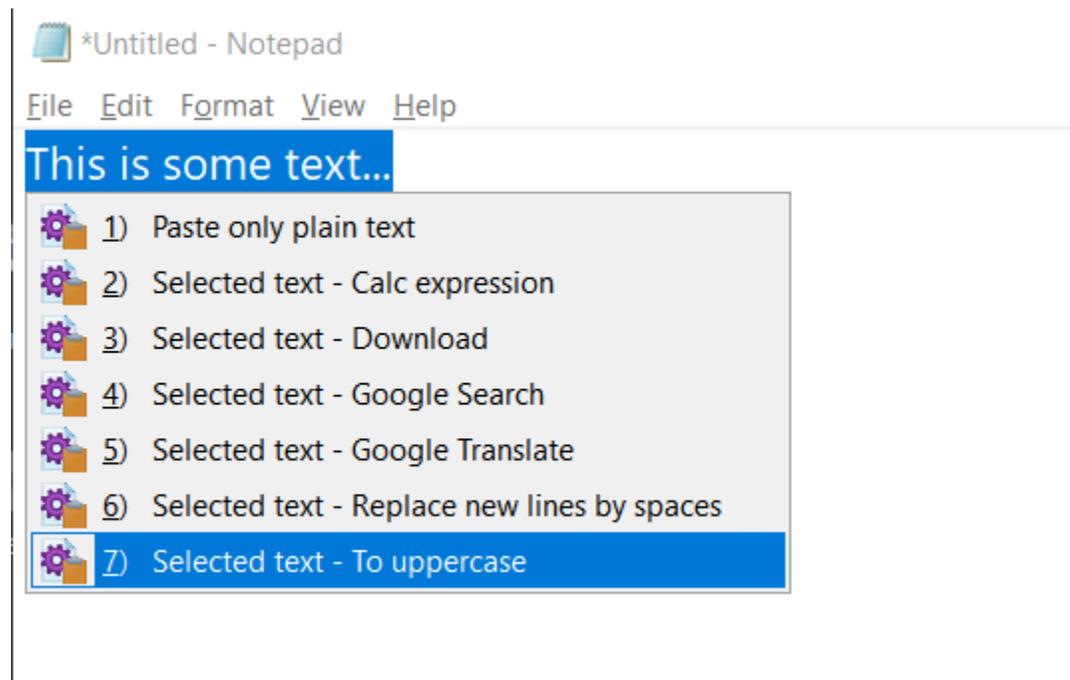

- Paste a plain text without any formatting
- Calculate expression
- Download file
- Google search
- Google translate
- Replace new lines in text with spaces
- Convert text to uppercase

The macros work this way:

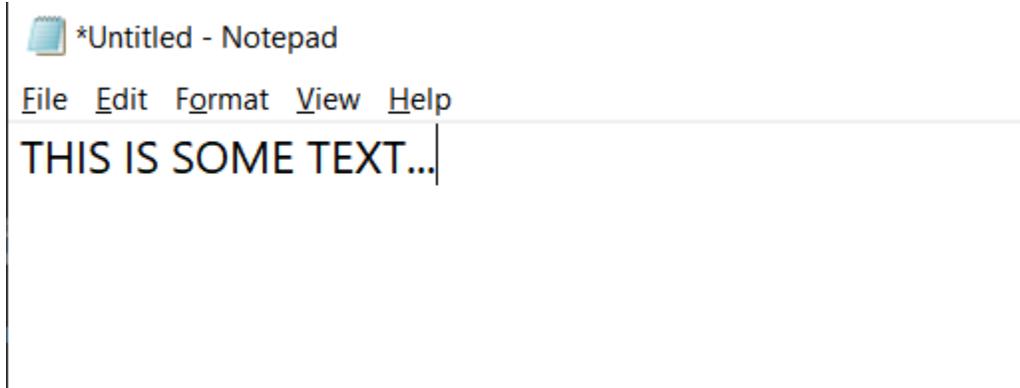

1. Select a text (in text editor or in a view)
2. Press “Ctrl+Shift+C” hot key
3. From the menu shown select the macro to execute

This is what “Convert text to uppercase” does in more details:

Select a text in an editor and then hit “Ctrl+Shift+C”.

In the menu shown, click the “To uppercase” macro:

How to run

Just download the file, unzip it and open the "ClipboardMisc01.4tw" file in the Macro Toolworks (version 9.3.0 or newer) using "File/Open" menu command.
